EDWARDS TO HANG OCT. 20TH

NO APPEAL WILL BE TAKEN.
CASE NOW UP TO THE
GOVERNOR.

This morning at Wewoka Judge McKeown pronounced the doom of Frank Edwards, recently found guilty of the murder of Wm. Gray, setting October 20 as the date of his execution.

It was indeed a solemn moment when the condemned man stood up to receive his sentence. An awed hush prevailed in the court room and the judge with the realization of the responsibility imposed upon him by the law slowly read the judgment. When asked if he had any reason to give why sentence should not be passed, Edwards replied in the negative, and with apparent calmness he faced the court and heard the words which condemned him to die the death of a felon.

In accordance with the law of the state, Edwards will be hanged at Wewoka, unless the governor interferences.

Of course it is impossible to forecast the disposition Gov. Cruce will make of the case. No appeal has been made and the whole matter is put squarely up to the chief executive, and on him rests the final responsibility of the punishment that will be meted out to Edwards.

Not knowing that her husband had been taken to Wewoka, Mrs. Edwards arrived with her child yesterday afternoon. Although the couple have been separated since March, the poor woman seemed to love her erring husband still, and was almost prostrated with grief as she talked with the officers at the court house. From here she went to Wewoka to see him once more before he is called to meet his doom.

Edwards and Scribner were taken to Wewoka Monday in charge of Sheriff Mitchell and Deputies Duncan and Morris. Before leaving Edwards begged to be brought back to spend his remaining days in the Ada jail, saying that he was well treated and well fed here and preferred to stay here. The request will probably be granted and Edwards be brought back this afternoon. He has thoroughly recovered his strength as was shown

by a little exhibition in the jail Saturday afternoon. A number of officers were around the jail while a barber shaved him, and after it was over Edwards said he could handle any man in the crowd. Just for the amusement of the crowd Eli Morris tried a scuffle with him, and although a powerful man himself, was no match for Edwards.

Scrapping Again in Old Mexico.
City of Mexico, Sept. 5.—Sixty Zapatistas lost their lives yesterday afternoon in two encounters with federal troops under Col. Morales in the State of Morelos, according to official advices received today. No mention is made of Federal losses.

Under the personal direction of Elian Zapata, the rebels made two stands on the hacienda Chinameca. From the first they were dislodged by Morales, who charged them. Fifty bodies were found on the field following this engagement. The other ten men were killed in the second encounter, following which the Zapatistas fled. They are being pursued and another battle is expected.

During the first engagement Zapata himself barely escaped death; his horse being shot beneath him.

BYRD'S MILL WATER HAS ARRIVED

FLOWED THROUGH MAINS OF
CITY YESTERDAY FOR FIRST
TIME.

Byrd's Mill water became a reality instead of a dream Sunday night about 2 o'clock, the water reached Ada and in a short time the standpipe was full. All went well until about noon yesterday when another break occurred in the line, again tying things up until it could be repaired. It is probable that it will be several days before regular service can be established, for the line will be subjected to a test of 200 pounds, as provided in the contract, before being accepted by the city. Naturally under this severe test all weak places in the line will be found and put in good shape, and when the line is finally turned over to the city it will be in shape to withstand any strain likely to be put on it. Under ordinary conditions it is thought that a pressure of 125 pounds will be ample for pumping the water into the standpipe.

As soon as the pipe line has been turned over to the city and it can be ascertained just how much money will be left from the proceeds of the bond issue, the council will take up the matter of extending the mains of covered this time, and with the quality of water supplied being the best to be had anywhere, there is little doubt about the increase in water consumption being sufficient to meet all charges on the system, and in a year or two yield a handsome surplus.

MORE RACE TROUBLE AT CADDO, OK.

BATTLE BETWEEN WHITES AND
NEGROES—WHITE MAN
KILLED.

Durant, Okla., Sept. 4.—Feeling is bitter Sunday and further race trouble is feared, following the killing shortly after midnight Sunday morning of Horace Gibbs, a white farmer living near Caddo, by one of three negroes, all of whom were arrested by Sheriff A. F. Hamilton and spirited out of Bryan county to avoid a mob said to be forming at Caddo. The shooting took place in a feud resulting from the recent race trouble in Bryan county. The negroes are two brothers named Daniels and Will Stevens. The killing took place at the home of the Daniels. The negroes living near Caddo have left the country.

It is claimed by white men, Jim Bradock and George White, who accompanied Gibbs, that they were passing the Daniels house when they were fired upon by the negroes. The negroes under arrest, on the other hand claim that the white men attempted to dynamite the Daniels house, and that they merely defended their property.

No Attempt to Get Away.
Sheriff Hamilton of Durant was informed of the trouble early Sunday morning, and he with Deputy I. B. Norman went to Caddo and arrested the negroes before the killing became generally known. They had not attempted to get away. They then were taken out of the county, supposedly to McAlester.

In the fight between the negroes and the white men, which lasted for several minutes, about twenty shots were exchanged, each side using rifles.

Gibbs was killed probably instantly, and then the white men drew away, avoiding further combat. There is said to have been nine in the party, but none outside of Bradock and White are known.

There also is said to have been more than three negroes at the Daniels home, including several women and children. Though the three negroes captured did not get away, the others left, and early Sunday morning every negro within a radius of three miles of Caddo left the country, going in every direction. Sunday night there was not one left in town out of fifty living there.

As evidence that the white men had attempted to dynamite the house of the negroes, City Marshal Oscar Driver of Caddo found two sticks of dynamite at the Daniels home Sunday morning after the trouble, but it is said by the white men that this merely is an attempt by the negroes to substantiate their statement that the white men started the trouble.

Marshal Driver is inclined to believe that the white men were responsible, and warrants for their arrest have been issued but not yet served by the county sheriff's force.

**INDIAN SCHOOLS WILL
OPEN SEPTEMBER 11**

The Indian schools of eastern Oklahoma, composed of twelve boarding schools in the Five Civilized Tribes, will open on September 12, according to an announcement made today by John B. Brown, supervisor of Indian schools.

The schools will have about the same capacity of last year, running

about from 60 to 120 pupils to a school. The prospects are that there will be a full attendance.

Norman C. Campbell will be superintendent of the Park Hill school in the Cherokee nation, having been transferred from Paso Blanca, N. M. He will succeed Jas. Kirk, who has been transferred to Anadarko.

At the Nuyaka school in the Creek nation Alfred E. White will be superintendent. Mr. White has been transferred from southern California to succeed Thos. Davis, resigned.

James W. Graves, formerly the principal teacher of Jones Academy, will have charge of the Suckee boarding school at Sapulpa, and will succeed Charles L. Garber, who resigned because of ill health.

Collins Institute, near Frisco, Ok., in the Chickasaw nation, will be headed by John Wilson, who succeeds Supt. M. C. Maddox. The latter has been transferred to Zuni, Ariz. Mr. Wilson was formerly a clerk in the Cachi school in Arizona.

Mrs. Harris of Nevada, Tex., who has been visiting her sister Mrs. D. W. Swaffar, returned home this morning. She was accompanied by her mother, Mrs. J. M. Brundridge.

SCRIBNER IS SENTENCED TO THE PEN

JUDGE McKEOWN OVERRULES
MOTION FOR NEW TRIAL.
WILL BE TAKEN TO Mc-
ALESTER AT ONCE.

This morning at Wewoka Judge McKeown overruled the motion for a new trial of the Dan Scribner case, and sentenced him to life imprisonment for the murder of Zeke Putnam city marshal of Allen, over two years ago.

His attorneys gave notice of appeal, but pending action of the higher court, it is probable that Scribner will be taken to McAlester and be placed in the penitentiary.

**BURGLAR ATTEMPTS
HOUSE OF CHIEF**

Saturday night some burglar, either very green or else exceedingly bold, attempted to enter the home of Chief Hounshell. He was trying to unlatch the screen of the window in the room occupied by Steve Hounshell, son of the chief. Steve happened to wake up and watched the fellow several minutes. Then when he moved off a short distance from the house Steve slipped into his father's room and told him of the intruder's

ALDRICH LETS CONTRACT FOR BRICK BUILDING

The building boom of Ada continues to make headway and bids for the grow in volume every day during the remainder of the season.

The latest is the contract for a two story brick for C. S. Aldrich at the corner of 12th and Townsend. This building will be a two story brick, 50x100 feet, and will replace the old Peay hotel and the frame building now occupied by Mr. Aldrich's grocery store. Work of tearing away the old buildings will begin at once and the walls of the brick will begin to rise before many days pass. G. Miller has the contract for the work.

Cornerstone Is Laid.

Ardmore, Ok., Sept. 4.—A large number of people attended the exercises today at the laying of the cornerstone of the new county court house. A. Eddleman of Marietta, grand master of Oklahoma, acted as master of ceremonies. Judge Henry M. Foxworth delivered an address on the symbolism of the cornerstone.

**Public School Opens
September 4th**

Three years ago the superintendent made a test of 100 pupils' eyes, taking them as they came by rooms. He found 65 percent had defective sight. Do you realize what this means to the comfort and health of the pupils, not to say anything of making them backward in their studies.

Bring or send the children to me and I will test their eyes free and tell you if they need glasses. I guarantee a fit or your money back.

I am a graduate Optometrist, registered under the state laws of Oklahoma. This is my tenth year in Ada. Thousands of satisfied customers are the best recommendation I have. Bring me your eye troubles.

**CITY SCHOOLS
ENROLL 800**

SCHOOLS OPEN WITH LARGEST
ATTENDANCE IN THEIR
HISTORY.

The city schools opened yesterday and the children enrolled and calssified. Today the enrollment stands at 800, more than 700 greater than at the same date last year. By schools the enrollment is as follows: North school, 277; South 391; Willard 132.

The Misses Fielden will be unable to reach Ada before Saturday. Misses Kate McKeown and Ruth Sowers are teaching their grades this week. Mrs. Rushing is unable to take her place on account of her illness and Miss Bettie Neal is acting as her substitute.

Supt. Robison is highly gratified with the splendid opening of the schools.

Show Draws Good Crowd.

The Daniel Warren company began its week's engagement last evening under its tent near the city hall. A crowded house or rather tent, attended this the initial performance, and those attending pronounced it a good show.

Schools have opened again and
once more the little folks are busy
with their books preparing themselves
for future life. The success of these
children when they grow up and take
their places in the ranks of toilers
depends to a large extent on the
thoroughness of their training in
their childhood and every encourage-
ment should be given them. No
progress can be made by the teachers
unless they have the earnest co-
operation of the parents. If they are

continually criticising and finding
fault with the teachers, naturally the
children will be estranged and trou-
ble will follow. Teachers are only hu-
man, and may occasionally make mis-
takes, but as a rule, they know what
they are about, and because their
methods differ from those of a quar-
ter of a century ago, the patrons of
the schools have no reason to think
the work is any less thorough. The
science of teaching has made rapid
strides and as a result the training
given the children is much more ef-
fective.

Press dispatches say that the cam-
paign in Canada has almost come to
a standstill because most of the
speakers are suffering with throat
trouble. What lucky dogs those Can-
adians are. In Oklahoma, however,
the climate is so good that the voice
of the agitator is never injured by
exercise. It is only the patience of the
people that suffers.

It has always been regarded the
proper thing to retort to any epithet
by calling the aggressor another.
Last week the News mentioned the
fact that several arrests had been
made at Stratford for working on
Sunday. The Stratford Tribune ex-
cuses the arrested ones on the ground
that the business of the town was so
rushing that the men simply had to
work, and goes on to say that that
is not so bad as the drag net haul
made at Ada some weeks ago in
which about thirty-five were arrest-
ed on a charge of vagrancy. Nothing
like getting what comfort one can
from seeing others in a worse plight
than one's self.

Bright Prospects Ahead for the Choctaws and Chickasaws.

While in St. Louis, Judge Heard
met one of the attaches of the In-
terior Department at Washington who
has been for many years principally
connected with matters pertaining to
the interest of the Chickasaws and
Choctaws. He says that the Interior
Department is now at work on a bill
to be submitted to congress at the
regular session in December looking
to the final winding up of all claims
of the Chickasaws and Choctaws
against the government. One of the
chief features of the bill, will be the
sale of the segregated mineral and
asphalt land of which four hundred
and fifty thousand acres have been
segregated. The Geodetic survey
made by the government last year
was very flattering, giving to the
land a much greater value than heret-
ofore estimated. It is claimed by
those who are in a position to know
that upon the lowest estimate of the
value of those lands there will be
when sold a per capita payment to
the Chickasaws and Choctaws of
something over three thousand nine
hundred dollars. Senator LaFollette
will introduce a bill looking to the
government buying both the surface
and mineral land and paying out the
proceeds to the Indians in annuities
instead of all at once, but he does
not think that the Interior department
will approve that policy. The fifty
dollar per capita payment under the
Carter Bill he thinks will begin some
time in October.—Stonewall News.

CRUCE CONCLUDES SCHOOL BOARD INVESTIGATION

Oklahoma City, Ok., Sept. 2.—In-
vestigation of charges against the
state board of education before Gov.
Cruce was concluded shortly after
midnight, but the governor announ-
ced he would make no finding until he
returned from the East. At the final
session it developed through wit-
nesses that a representative of a
book company who had been asked to
appear and give testimony was in an
Oklahoma City hotel under an assum-
ed name for several days and in reg-
ular communication with a room of
another hotel, occupied by a presi-
dent of one of the state normal
schools recently elected by the board
of education.

Astor's Wife Will Get \$5,000,000.

New York, Sept. 2.—It was po-
sitively declared today that Miss Made-
line Force has signed away her dower
right in the estate of Colonel John
Jacob Astor, her prospective hus-
band, for a lump sum of \$5,000,000 in
stead of \$2,000,000 as at first report-
ed.

Although no confession could be
obtained at the Force home, the fig-
ure was given out by a person whose
knowledge of the facts is said to be
authentic.

It is further stated that Miss Force
in the event of the death of Astor,
is to have the income for life from
\$15,000,000, this interest to revert to
the Astor estate at her death. The
will of Astor, which will embody this
latter provision, will be drawn, it is
reported immediately after the mar-
riage. The two documents, the will
and the settlement, will be deposited
with the United States Trust com-
pany.

S.S.S. REMOVES ALL HUMORS FROM THE BLOOD

The cause of all skin diseases can be traced to some humor in the
blood, and therefore the cure of any skin trouble can come only
through a thorough cleansing of this vital fluid. Salves, washes,
lotions, etc., relieve some of the itching and discomfort, help to reduce
inflammation, or aid in keeping the cuticle clean, but such treatment
does not reach the blood, and of course can have no real curative
effect. S.S.S. cures Skin Diseases of every kind because it purifies
the blood. It is an internal remedy for an internal trouble, and works
on the only reasonable and certain method of cure. S.S.S. removes
all acids and humors from the circulation and leaves the blood stream
rich, healthy and nourishing in order that it may supply the cuticle
with the necessary properties to restore it to its smooth, normal con-
dition. Then a cure results because the old exciting cause has been
disposed of. Book on Skin Diseases and any medical advice sent
free to all who write. S.S.S. is sold at drug stores.

Gotch Retains Championship.

Chicago, Sept. 4.—The geographical
center of the wrestling world was
more than ever fortified at Hum-
boldt, Iowa, the home of Frank
Gotch, today. Moreover, Referee Ed-
ward W. Smith, who proclaimed the
world's champion victor over George
Hackenschmidt in two straight, quick
falls, declared that for the next ten
years there would be no shift of the
wrestling capital, unless Gotch
should choose to change his place of
residence.

The Russian's showing was pitiful.
The crowd decreed that he had "quit"
but the defeated challenger, through
copious tears, averred that he enter-
ed the arena with a wrenched knee,
on which Gotch worked and speedily
reduced him to an almost helpless
state.

In any event, it is certain that the
foreigner's nerves were on edge. He
spent a sleepless night, and was pale
when he crawled through the ropes.
Dr. J. J. Davis, who examined both
wrestlers before they went to the
mat, declared that while there might
be something wrong with Hacken-
schmidt's knee, it was not evident
during the examination.

While it took Gotch fourteen min-
utes and eighteen and one-fifth sec-
onds to gain the first fall, the second
fall required only five minutes and
thirty-two and one-fifth seconds,
which Hackenschmidt's friends as-
sert proves that his knee was in bad
condition.

Instead of moping around bewail-
ing the glories of a day that is for-
ever gone, it is much more profitable
to get busy and make the present day
even more glorious than the one al-
ready gone. No time like the present.

Have Your Eyes Tested

Parents Take Notice

As school time is here again, prepare your children so they may be able to get their lessons. Have their eyes tested for their optical defects, which causes many a child to be backward in getting their lessons. I will test their eyes and give you advice free, if they need glasses. You are assured of fair treatment. I don't care if they can't read or even do not know their letters. I can fit them just as well. I have the latest known instrument for that purpose at your hand and at your service. Bring or send to me and be satisfied.

F. A. Leach, one of the constant readers of the News was in to see the editor this morning, and gladdened his heart with the price of another year's subscription. Mr. Leach's idea is that the farmers of Pontotoc county will have to improve their methods and diversify their crops more if they are to make any great success of their business. He advocates less cotton and corn and more alfalfa, Kaffir corn, milo maize, millet, etc.

T. J. Chambless and J. W. Grant of Stratford spent most of the day in Ada as the result of letting the O. C. local slip away from them this morning. They were en route from Tupelo and when the train pulled into Ada, got off with the intention of loafing about the depot until it was ready to leave. Finally it pulled out without warning and they had to remain until the afternoon train.

The News has a queer looking fossil for a paper weight which the editor is unable to name. It was dug out of a hill somewhere in the county by John Quincy Adams and presented with his compliments. Some scientists will please give us a name for the specimen.

W. D. Little, professor of English, arrived from a visit to his old home in North Carolina. He is enthusiastic over basket ball prospects as there will be plenty of good material.

L. O. Wilson and wife, from Shawnee, arrived today. They have been on an extended visit in Indiana. They will live in the house just vacated by Mr. Hodge, which is south of Willard school grounds. Prof. Wilson is the head of the physics and chemistry department. He held the same position in the Shawnee high school last year.

Miss Irma Spriggs, assistant in English, is back to Ada again. Miss Spriggs has many friends who welcome her return.

A. L. Fentem reports a very pleasant visit in Montana. His health is restored.

Retta Slattler's mother was in town yesterday arranging for board for Retta and three other young ladies from Tupelo.

Mr. and Mrs. Randle from Seminole are on the ground ready for the opening day. Two young men came in from Seminole also.

The calls for catalogs are very numerous. People know a good thing when they see it.

Miss Josephine Clark, professor of foreign languages came in from Oklahoma City this morning.

Misses Helen Turner and Verna Van Wormer are at home with Mrs. Morgan on East 9th street.

President and Mrs. Briles report a very pleasant trip to Colorado and Texas.

Miss Kate K. Knight is at home on East 9th street. Miss Knight had a very pleasant trip to Colorado this summer.

Miss Lola Champlin, the secretary of E. C. S. N. is back at her place after a very pleasant trip to Fayetteville, Ark.

Mr. Harrison, our efficient head janitor, is on hand ready for the opening. Mr. Harrison has the buildings in splendid condition.

Prof. Perkins, Roddie and Sears are ready for duty. Prof. Perkins and Sears have had charge of the normal during vacation.

Prof. Beck is enthusiastic over the prospects for a large orchestra.

Miss Mildred Timberlake is delighted with her prospects. Her room is already full. She has charge of the primary department of the critic school.

There is room yet for a few eighth grade pupils. You had better see Prof. Perkins at once.

The new schedule of work for the fall term is now ready and all Ada students are required to enroll Friday and Saturday of this week, if possible.

Miss Margaret King will arrive Thursday. She is in St. Louis at present visiting.

Miss Bertha Ruble, head of the domestic science department came in last night.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be re-

funded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few day's use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent, Gwin & Mays Drug Company.

Mrs. S. E. Tipton has the thanks of the News for a subscription to the Weekly News for her son, W. B. Gillespie, Violet Hill, Ark. There can certainly be no better way of boosting for this country than by sending the News to friends in other sections.

Guest Bros. have begun a campaign of advertising in this issue of the News. They always carry one of the cleanest and neatest stocks of goods the city affords. They have built up a good business and this fall will try to make it still better.

Attention is called to the ad of Sweatt and Stubblefield in this issue of the News. These young men have done a hustling business since opening their establishment, and it will be to your interest to give them a share of your trade.

Wunderhose

FULLY GUARANTEED TRADE MARK

For Men, Women and Children

WIN

We are not willing to sell any guaranteed hose except the best. We have investigated them all. *Wunderhose* meet every demand, satisfy every test.

Sold By GUEST BROTHERS we offer them to the public.

Hundreds of families who read this advertisement are not fully satisfied with the wearing quality of their hosiery. Either it is ordinary "guaranteed" hosiery, coarsely made and finished, or the more expensive brands sold without any guarantee that it will wear a week, a month or a day.

To such people we extend a pressing invitation to call at our store this week and examine *Wunderhose*—the latest refinement in guaranteed hosiery.

Wunderhose are for men, women, misses and boys. They are different from the ordinary hosiery in several ways that count for extra wear and value. The makers issue a signed and registered guarantee with every box that *Wunderhose* will give satisfactory wear for four months. This guarantee is endorsed by ourselves and means just what it says—new hosiery if *Wunderhose* fails to give eminently satisfactory wear.

The difference between *Wunderhose* and other brands is in the extreme care and conscience that the makers have put into it. Such quality has never heretofore been put into any hosiery at 25 cents. The finish is equal in every way to the finest hosiery sold. The threads are exceptionally well spun and carry an unusual amount of textile strength. The weave is exceptionally close meshed and the "feel" is soft and resilient like fine silk.

A special feature is the dyeing. The celebrated *Wunderdye* used in coloring this hosiery gives permanent lustre without injuring or hardening the fabric and will not change or crock or lose its lustre in wash.

Wunderhose comes in a beautiful variety of stylish colors and in all sizes. We are glad to sell it and glad to recommend it as unquestionably the best value of any hosiery at or near the price.

Come in the store any day this week and examine this best of all guaranteed hosiery. Take home a box on trial and test them out. You have four months to determine to your satisfaction that they are all we claim for them and you are protected by the printed guarantee ticket in the box. Get *Wunderhose* for the boys. That will be a good test.
